Questions:

Board to approve waiver regarding P&P?

Non-partisan, get-out-the-vote partnership?

Ducal vs Imperial Coronations per P&P

- "The reigning title holders shall be granted a Travel Fund for travel during their reign to be used for ball tickets, travel to and from the city of destination, and lodging at out of territory balls, the Imperial Travel Fund is to be used on Coronations only with all expenditures from the travel fund being substantiated with receipts for the expenditure(s) for reimbursement."
- "Imperials are to attend at least five (5) out of town Coronations which must include both San Francisco and Las Vegas Coronations with the remaining three (3) being of the Imperial's choosing. If unable to satisfy this requirement the reigning title holder must petition the Board for alternative arrangements."
 - There's not anything that specifies that coronations have to be Imperial coronations. Ducal courts started naming their balls as coronations. There are only two ducal courts left in the circuit, SF and Alameda. When attending these events, they are structured like Imperial coronations, and imperials who attend these events are still representing the organization for their biggest event of the year.
